## Media Alert - Basin Plan Submissions

The NSW Farmers' Association has finalised and lodged all three submissions on the Guide to the Proposed Basin Plan outlining its position.

Farmers across NSW have been united in their criticism of the current planning process that they believe is fundamentally flawed. It is clear dramatic change is required to get the process back on track.

The Association is seeking a true "triple-bottom line" approach that gives equal consideration of social, economic and environmental requirements in the Basin.

The Association is calling for the Plan to engage rural communities in planning their farming futures.

The following submissions can now be viewed on the Association's website at [www.nswfarmers.org.au](http://www.nswfarmers.org.au)

- House of Representative – Inquiry into the Impact of the Murray Darling Basin Plan in Regional Australia.
- Senate Inquiry into the Management of the Murray Darling Basin.
- To the Murray Darling Basin Authority on the Guide to the proposed Basin Plan.
