### **Take out crop insurance and WFI could take you on a holiday!**

Australia is the home to some of the world's best golden beaches, bushwalks and wineries, but surprisingly often not the first destination we think of when we decide to take time out from our busy work lives.

WFI would like to encourage you to discover 'your own backyard' by offering you and a friend the exciting opportunity to experience one of many natural wonders of Australia. Simply choose to insure your crop with WFI this season to be in the running.

Take out a WFI Early Bird Crop policy and return your crop declaration by 15 September 2010 and you will automatically enter the draw win to one of four prize packages (valued over \$4,200 each) to either Port Douglas, Adelaide and Kangaroo Island, Hobart or Dunsborough and Margaret River; whichever location takes your fancy!

#### **Already insure your crop with WFI?**

Complete your crop declaration by 15 September 2010 and you will be automatically entered into the competition draw.

If you held a WFI Early Bird Crop policy over the 2009/10 winter season, how about trying WFI's new online client site, **Early Bird Crop Online**, to submit your crop declaration over the internet? Save yourself the hassle of manually completing paper forms. For more information about Early Bird Crop Online, contact your local WFI Area Manager or visit [wfi.com.au](http://wfi.com.au).

#### **Not currently insured with WFI?**

If you are not currently insured with WFI, then simply contact your local WFI Area Manager on 1300 934 934 or visit [www.wfi.com.au](http://www.wfi.com.au) to request an obligation-free quote. If you then decide to insure your crop with WFI by 15 September 2010, you will automatically be entered into the draw.

WFI, part of the Wesfarmers group, has a long and proud history of serving the insurance requirements of Australia's rural community. With over 150 Area Managers across the country providing personal service, WFI are good people to know for crop insurance.
