PR/008/10

Media Alert

The NSW Farmers' Association will be endorsing a Climate Science Information Forum in Canberra next month featuring noted climate change commentator Viscount Monckton of Brenchley.

Media and interested parties are invited to attend on Wednesday, 3 February, 2010 from 3 - 5pm at The National Press Club of Australia, 16 National Circuit, Barton ACT.

Lord Monckton's address will review key factors which influence climate variability and the NSW Farmers' Association says his comments are important in the interests of a full debate on climate change.

A cost of \$20 per person, including afternoon tea and light refreshments, will apply.

Media are invited to attend at no charge.

More information will be available in coming days from www.nswfarmers.org.au
