NSW Farmers' congratulates incoming NFF President

The NSW Farmers' Association has congratulated the incoming leaders of the National Farmers' Federation.

Jock Laurie has been appointed to the Presidency at today's NFF Annual General Meeting, Duncan Fraser has been elected to the Vice Presidency.

NSW Farmers' Association President Charles Armstrong has welcomed the appointments.

"Both men have proven track records in leadership, Mr Laurie as the former NSW Farmers' Association President; and Mr Fraser as a member of the Association Board," Mr Armstrong said.

"I look forward to working with Mr Laurie and Mr Fraser in their new roles, to maintain our close relationship with the NFF," Mr Armstrong said.

The Association also recognises the hard work of outgoing NFF President David Crombie, and wishes him well in his future endeavours.
